Brief details of the event:

The IIC Regional Meet is a one-day event designed for both existing and prospective IIC institutions. It provides a platform to engage with the dynamic innovation movement within educational institutions in India. Participants will gain insights into the various policy initiatives of the Ministry of Education (MoE) and the All India Council for Technical Education (AICTE) aimed at fostering an innovation culture in academic institutions.

These regional meets serve as valuable networking opportunities for educational institutions. They allow participants to showcase their innovation achievements, share best practices, exchange knowledge, and collaborate on ideas. Ultimately, these interactions contribute to the development of a stronger innovation and startup ecosystem in Higher Educational Institutions (HEIs).

Learning Outcomes:

The IIC regional meet aims to enhance participants' understanding of policy initiatives by the Ministry of Education (MoE) and the All India Council for Technical Education (AICTE) to promote an innovation culture in academic institutions. It offers networking opportunities with diverse educational institutions for potential collaborations. Participants can showcase their

institutional innovation achievements, leading to recognition and partnership opportunities. Best practices shared by other institutions can enhance innovation and entrepreneurship initiatives within one's own institution. The event fosters knowledge exchange, enabling participants to implement innovative practices effectively. It also contributes to the development of a stronger innovation and startup ecosystem in Higher Educational Institutions (HEIs) while enhancing professional skills related to innovation, entrepreneurship, and ecosystem development.
