Report on Motivational Session by Successful Entrepreneur/Start-up founder

Title of the Programme	:	My Story - Motivational Session by Successful Entrepreneur/Start-up founder
Resource Person	:	Dr.CVS Kiran R&D and Strategic initiatives, Skyroot Aerospace, Hyderabad, Telangana, India
Date and Time	:	23.09.2023 & 2.30 PM to 4.30 PM
Mode of Session	:	Offline
Meet App	:	NA
Total number of Participants	:	Attended : 154

Brief details of the event:

On September 23, 2023, QISCET - EDC & IIC hosted a motivational session with a successful entrepreneur/start-up founder. The session's speaker was Dr. CVS Kiran. He emphasised that with the growing need for small satellite launches for diverse applications such as communication, Earth observation, and scientific research, there is a growing need for cost-effective and dependable launch services.

Response of the audience:

The students acquired a comprehensive understanding of the subject, including how to initiate startups and their significance. The extent of their learning was apparent from the caliber of questions posed to the expert. He successfully sparked the students' interest in the subject, leading to a dynamic dialogue-based session where students asked frequent questions, and the expert graciously answered almost all of them.

Faculty Coordinator Name & Email ID: Dr.S.Suresh Kumar,
sureshkumar.s@qiscet.edu.in

Learning Outcomes:

Students gained a thorough understanding of the importance of startups, their utilization of new technology, product design, and their significance within entrepreneurship. The discussion covered fundamental aspects of startups and product development. This aligns with the

entrepreneurial opportunity in the space industry highlighted by Skyroot, aiming to democratize spaceflight by making it accessible, dependable, and frequent.

Expert Narration:

Skyroot is dedicated to democratizing space by making spaceflight accessible, dependable, and frequent. We offer customized, dedicated, and rideshare options to meet a variety of small satellite customer requirements. This statement highlights the entrepreneurial opportunity in the space industry. With the increasing demand for small satellite launches for various purposes such as communication, Earth observation, and scientific research, there is a growing need for cost-effective and reliable launch services. Entrepreneurs can capitalize on this trend by developing innovative solutions for satellite launch vehicles, satellite integration services, or satellite deployment technologies. By addressing the challenges in the small satellite launch market, entrepreneurs can tap into a lucrative and rapidly expanding sector of the space industry.
