

## REPORT

### On Role of Small-Scale Sectors in India

QIS College of Engineering and Technology has organized entrepreneurship development program for CSE, ECE and IT students

Date: 24<sup>th</sup> July 2019

#### Session Details

Dr. Vijaya rangan, Head- EDC has welcomed all the dignitaries and delegates. In his welcome speech, he highlighted the importance and objectives of organizing "Role of Small scale sectors in India" he explained that small scale industries are important because it helps in increasing employment and economic development of India. Dr.O.Vignesh, Head – Research (Technical) introduced the guest speaker *Dr. Arivarasu M Ph.D.,Asst. Professor, VIT Chennai & Dr. Ramesh Kumar C, Ph.D.,Asst. Professor, VIT Chennai*.

#### Session 1

**Dr. Arivarasu M** explained that small scale industries are one of the best sources of employment generation in India. Employment is one of the most important factors that determines the growth of a nation. Therefore, development of small scale industries should be encouraged for the development of more employment opportunities in the nation. It improves the growth of the country by increasing urban and rural growth.

#### Session 2

**Dr. Ramesh Kumar C** said that Use of resources and development of entrepreneurial skills: Small scale industries allow for the development of entrepreneurial skills among the rural population which is not having the scope of large scale industries. These industries help in the appropriate use of the resources available in the rural areas, which leads to development of rural areas .At the end, the session was concluded with a vote of thanks given by Dr.Vijayrangan, Head- EDC.

### **Program outcomes**

1. Students understood the importance of more employment opportunities in rural and less developed regions of the economy. It improves the growth of the country by increasing urban and rural growth.
2. Students have benefited by this workshop and understood Direct Relation between the Workers and the Employers, Direct Relation between the Customers and the Producers.
3. Students understood the basic optimum utilization of unexploited resources of the country and regional imbalances.
