WASTE MANAGEMENT SKILLS PROGRAM
17th OCTOBER 2019

QIS College of Engineering and Technology has organized one day Waste Management skills program for UG students

The Waste Management skills program received an overwhelming response with more than 100 participants registered. There are 90 students attended from our college. There are two resource persons 1. Dr.K.Ramesh Reddy 2. Mr. Suresh Raja for conduction of WMSP programme.

Session details:

WMSP was inaugurated on 17thOctober, 2019 by Dr.D. Elayaraja, Professor, Mechanical department, QIS College of Engineering and Technology.

Dr.D. Elayaraja has welcomed all the dignitaries and delegates. In his welcome speech, he highlighted the importance and objectives of organizing this Waste Management skills program. Mr. K.Chandrasekhar, AP/Mechanical introduced the guest speakers Dr.K.Ramesh Reddy, Assistant Professor, SVEC and Mr. Suresh Raja, Head, Green Environment Solutions, Chennai, Tamilnadu.

On the first session, Mr. K.Ramesh Reddy explained the need and relevance of this workshop and focused more on the dynamic features of Waste management. He deliberated more on collecting, segregating and recycling of the industrial wastes. He also discussed about E- Waste management and the techniques from top to bottom in order to achieve it. On the afternoon session, Mr. Suresh Raja explained different waste management techniques that he done in recent days. He shared several pictures and videos which really shows the need of Waste management in every fields. He also presented how the current arrangement of e-waste management in India is placed and what is the way forward to come up with better strategies and policies for an efficient management of e-waste.

At the end, the session was concluded with a vote of thanks given by Dr.A.Prakash, EDC - Coordinator.
